

Cooperation Agreement FCI – WUSV

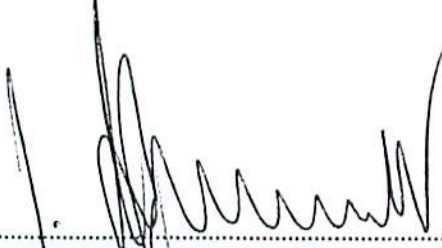

The existing cooperation agreement was terminated by FCI with a short period of notice to 13.05.2011 in a written letter dated 19.05.2011, received 23.05.2011. Thus, the cooperation agreement terminates on 23.11.2011.

The reason for this is presumably internal differences within FCI resulting from an incorrect English translation of the exclusively valid German version of the agreement.

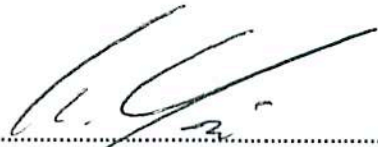

As of 23.11.2011, the state of affairs which existed prior to the conclusion of the agreement will be restored.

The FCI has announced negotiations on this issue. If negotiations should take place, we will inform you about any results. As far as we can tell at present, there should be no formal or technical changes for the members of the FCI Kennel Clubs or breeders, exhibitors and dog handlers. For the WUSV itself, a broader field of activities could very well result.

The changes to the examination rules decided upon by SV during the term of the cooperation agreement in consultation with VDH and FCI will likewise be implemented by the WUSV General Assembly 2011 and will thus have validity as of 01.01.2012.
